2  Process Control Tops Type 1066

## Process Control Top Type 1066

for pneumatic valves

Type	Description
H1	Basis-version with 2 proximity switches, cable gland, Standard 24 V DC
H2	with 2 proximity switches and 1 solenoid valve, cable gland Standard 24 V DC
H3	with 2 proximity switches and 2 solenoid valve, cable gland Standard 24 V DC
H4	with 2 proximity switches and 3 solenoid valve, cable gland Standard 24 V DC
H5	ASI-BUS-type with 2 proximity switches and 1 solenoid valve, cable gland, with Bus-module
H6	ASI-BUS-type with 2 proximity switches and 2 solenoid valve, cable gland, with Bus-module
H7	ASI-BUS-type with 2 proximity switches and 3 solenoid valve, cable gland, with Bus-module

## Description

The process control head is fitted for the controlling of pneumatically operated process valves.

By combining of electrical and pneumatical interfaces, feedback signalling unit with visual indication and an intelligent communication switching system, following functions are possible:

- control of pneumatic process valves
- 2- and 3 positioner
- additional lifting e.g. double seat mix proof valves
- feedback signaling unit with up to three height-adjustable inductive proximity switches
- electrical control through Multipol (parallel) or BUS interface (ASI, CAN, Interbus-LOOP, Profibus, LON). Bursting protection by a pressure relief valve.

Further details see website Bürkert [www.buerkert.com](http://www.buerkert.com).

## Process Control Top Type 1066

without mounting set – upon separate order

type	Reference Number	Price
H1	3000452	211 €
H2	3000447	318 €
H3	3000453	382 €
H4	3001062	445 €
H5	3000450	532 €
H6	300165	596 €
H7	3000451	659 €

## Mounting Sets

for process control top type1066

DN	Reference Number	Valve Type	Price
DN 10 - DN 20	5004467	single seat valves	59 €
DN 25 - DN 40	5004468	single seat valves	59 €
DN 50 - DN 65	5004469	single seat valves	59 €
DN 80 - DN 100	5004470	single seat valves	59 €
DN 25 - DN 100	5004116	mix proof valves	61 €
DN 25 - DN 100	5004117	mix proof bottom seat change-over valves	61 €
