

BASIX

Sold as a complete valve

BASIX comes in following combinations:

Manually operated valves:

Type H head w/Tank welding body
 Type H head w/Pipe welding body
 Type H head w/Mini Clamp body
 Type H head w/1" Clamp body

Pneumatically operated valve:

Type N head w/Tank welding body
 Type N head w/Pipe welding body
 Type N head w/Mini Clamp body
 Type N head w/1" Clamp body

Membrane:

Silicone, EPDM, or PTFE

Outlet: W9 Hose Piece (ID 5 mm - OD 14 mm)

Valve seat: $\varnothing 5$ mm

Material contact: AISI 316L (1.4404)

Surface:

Outside: $Ra \leq 1.2 \mu m$
 Inside (wetted surface): $Ra \leq 0.8 \mu m$
 Process connection: $Ra \leq 0.8 \mu m$

Pressure: 0- 6 bar

4KAI

Heads and bodies sold separately

4KAI comes in following types:

Heads:

Type H, manually operated
 Type N, pneumatically operated

Membranes: Silicone, EPDM, or PTFE

Bodies:

Tank welding
 Pipe welding
 Mini Clamp
 1" Clamp

In- and outlet: W9 Hose Piece (ID 5 mm - OD 14 mm)

Valve seat: $\varnothing 5$ mm

Material contact: AISI 316L (1.4404)

Surface:

Outside: $Ra \leq 1.2 \mu m$
 Inside (wetted surface): $Ra \leq 0.8 \mu m$
 Process connection: $Ra \leq 0.8 \mu m$

Pressure: 0- 6 bar
